She let go of Bai Mo Yu's hand as she watched the turn of the car. She then said to the driver, "Stop in front, thank you."

"Late Autumn, what are you doing?"

"I want you to get out of the car."

"Not at all." With those beautiful eyes looking at her, any other girl would definitely be tempted. To be honest, Bai Mo Yu was as handsome as a painting.

"If you don't mind, I'll give it a shot." She moved closer to the door, looking like she was about to get out.

"Late autumn, your leg is bleeding." With this slight movement, Bai Mo Yu finally realized the situation and reached out to pull her.

"None of your business." Ye Zichen waved his hand. These past two days, she had been really unlucky to have met Leng Muxian.

"Late autumn, don't be so hostile towards me. I said that I would return your fifty thousand yuan in two days. My dad went overboard with this matter."

It wasn't because of the money. She didn't like men like him at all. Since she didn't like him, then she shouldn't leave him any leeway. "I don't like you, so please get off the car." Although he was a good person, she had to be

ruthless. She pressed the handle of the car door and opened it. Following which, a gust of wind blew in.

Startled, the driver braked and the car stopped.

"Get out." She had to let Bai Mo Yu off the carriage. She got angry when she thought of Bai Hui's weird words. Since she had never thought of getting involved with Bai Mo Yu, why should she worry about her false reputation?

Bai Mo Yu sighed helplessly and then said softly, "Late autumn, take care of yourself. I'm leaving."

"Miss, which hospital do you want to go to?"

Zhong Wanqiu gazed at the inverted scenery outside the window and said softly, "I'm in T University." It was just a small wound, she really didn't want to go to the hospital. She was short of money right now, so no matter what, she had to find a way to return that 50,000 dollars to Jin Ruoxue, even if it meant selling her blood.

The tutoring session was going to start tonight, so she had to find a way to get a job. It would be fine as long as she could keep up with the time she spent in school.

The driver glanced at her, "Miss, how can you not go to the hospital when your leg is injured? I'll take you to the hospital."

"No, thanks." Even though he was a stranger, he was still better than Leng MuXun. Not only did that man offend her, he even claimed that she was trying to seduce him. Just thinking about it made her angry.

"Girl, it's normal for the couple to quarrel. Your boyfriend seems to be really

nervous about you. Just now, I drove away, but he was still looking in the direction of the car."

She knew that Bai Mo Yu had been chasing her for four years.

"Shaking his head. I don't like him."

"Oh." Her lonely tone made the driver not say anything more. He just drove her to T University.

His legs were no longer bleeding, so he should be fine. He ignored everyone's gazes and said whatever they wanted to say. She could just pretend that she didn't see anything. As her man, she was told what others said.

In front of her was the shady path that led to the dorm. In the past, she had walked here countless times with Xia Jingxuan. This place was filled with her sweet dreams, but now, her dreams were shattered and that man no longer belonged to her.

When they broke up, he actually gave her some fee so she wouldn't bother him anymore.

The pain was excruciating, and he felt pain in his legs again. He couldn't help but jump onto the side of the road and sit down.

He carefully opened his pants. The blood had coagulated, and a large area of it was swollen and red. No wonder it was so painful. The impact had been too hard to explain.

"Late autumn, how are you injured? Let me send you to the hospital." In just a short moment, a shadow appeared above her head. Xia Jingxuan's voice

was just as gentle as before. However, her heart was in pain; it was more painful than her legs.

His hand was white and slender, right in front of her. She once loved the look when he played it, so unrestrained and beautiful, so young. But now, looking at his hand, she no longer had the heart and passion she once had.

Turning her head away, she ignored his gaze and struggled to stand up. Then, she hopped off in the direction of the dormitory.

"Late autumn, I'm sorry." Suddenly, the man's voice rang out again, causing her to freeze. Was a single 'sorry' enough to describe such a scene?

Shaking her head, she didn't say anything and continued to jump forward.

"Late autumn, Jin Ruoxue purposely gave that money to Auntie. I only found out later that you don't have to pay it back later on in the autumn."

He knew that he had already guessed her feelings. He knew her so well, but he had hurt her so much. Gritting his teeth, he whispered, "I will return it to you." He would return all of them to her. However, fifty thousand yuan was not a small sum. Her tutoring was only worth a thousand yuan a month.

She was a little worried, but she had to earn enough to pay Jin Ruoxue back.

"Late autumn, I don't like her, but I want to stay in T City." After thinking for a moment, he still said it.

There was no other response. Besides the fifty thousand yuan, she had no other relationship with Xia Jingxuan.

As he limped into the dorm, Xiao Jing immediately came to greet him, "Zhong Wanqiu, what happened to you? What happened? "

"Oh, I accidentally hurt my leg. Little Jing, is there still a shortage of people for the job of pushing wine in the bar that your cousin introduced last time? "Ask for me."

"Sure, late autumn, that fifty thousand dollars is real, isn't it?" Little Jing immediately thought of the reason why she wanted to earn money.

She did not reply. It was a scar on her heart. Whoever asked this was covered in salt, causing her to feel a fresh and painful pain. "Little Jing, help me ask for a leave of absence tomorrow and tell me if my leg is injured."

"Late autumn, where are you going tomorrow?"

"To the hospital." She smiled. This time, she really went to the hospital. If she wanted to sell her blood, she would always have a nosebleed.

"That's great. You finally know how to cherish yourself in the late autumn. Alright, I'll definitely give you a leave of absence tomorrow. Remember to take a good look at your legs."

When she walked out of the dormitory, she saw that Xia Jingxuan was sitting on the seat where she used to sit on the shady side of the road. She didn't see Jin Ruxue at his side, but she heard him sing that old song, the one he used to love to sing to her.

I just don't know why, but I love you so much

No reason no reason

I just don't know why, but I love you so much

From the day I saw you

Did you know I was waiting for you?

If you really care about me

How can you let the endless night spend with me

Did you know I was waiting for you?

Who was waiting for who?

Who really loves who?

The past clouds, she and he, would never have a future.

Turning around, she walked around the shady road, not wanting to hear the already ear-piercing singing anymore.
